Bearence Offices Consolidate in Mendota Heights

MENDOTA HEIGHTS, MN - Bearence Management Group, a leader in property and casualty, surety bonds and employee benefits insurance, has moved its Twin Cities offices to one new location, Mendota Heights, a St. Paul suburb. Previously, the firm, who recently merged with Rosenbloom & Rosenbloom (Minneapolis), T.C. “As a rapidly growing insurance and financial strategies organization, Bearence is a good fit with the Mendota Heights community” said Stan Hamann, Regional Director at Bearence. “We’re excited about our move, as bringing our team of professionals together will allow us to better serve our clients and give us increased space to accommodate our growth.”

Bearence Management Group focuses on risk, investments, communications, consulting and outsourcing. Specific practices include property and casualty, employee benefits, personal lines including auto and homeowners, financial strategies, payroll and human resources assistance as well as worksite voluntary products. Bearence is headquartered in West Des Moines, IA and also has locations in Overland Park, KS and Indianapolis, IN.
