BEARENCE RAISES RECORD TOTAL IN UNITED WAY CAMPAIGN

WEST DES MOINES, IA (January 9, 2012) – Bearence Management Group today announced it had exceeded its 2012 United Way corporate goal by more than \$10,000. The firm, which was part of United Way's Pacesetter campaign in Central Iowa, raised nearly \$37,000 between its Mendota Heights (MN) and West Des Moines offices.

"We were delighted with the outstanding participation of our colleagues," Bearence President Dave Schwartz noted. "One of the tenants of our firm is to give back to the communities in which we work. The United Way campaign is a great opportunity for us to support so many important programs."

Bearence Management Group was founded in 2005 and currently has locations in Minnesota, Iowa and Kansas.
